Conclusion: From my own personal experience in this subject of struggling with so-called video game addiction, it is my opinion that whether or not you go from a gamer to an addicted gamer is simply a matter of character and maturity”nothing more The only exception is if/when your mental health isn’t where it’s supposed to be and/or you are suffering from a “biological” related mental illnesses”which is a whole other can of worms. I do however believe that this same principle may not apply to drug and alcohol abuse because that is not “time” abuse that is “biological abuse” where your body develops a chemical dependence to a substance which is also”a whole other can of worms.
