Conclusion: From my own personal experience in this subject of struggling with so-called video game addiction, it is my opinion that whether or not you go from a gamer to an

addicted gamer is simply a matter of character and maturity”nothing more The only exception is if/when your mental health isn’t where it’s supposed to be and/or you are suffering from a “biological” related mental illnesses”which is a whole other can of worms.I do however believe that this same principle may not apply to drug and alcohol abuse because that is not “time” abuse that is “biological abuse” where your body develops a chemical dependence to a substance which is also”a whole other can of worms.
