Naturally, this HQ-centric model of CI support hasits implications — regional and local stakeholdersare generally left to their own devices wherebudgets funding such efforts are

concerned. While it is common for global CI teams to gather insights about the competitive environment through independently commissioned research initiatives, either in-house or outsourced, the picture looks quite different in APAC

I think I've read most every post, and as someone who is honestly trying to make peace in my soul on this topic, one point I've not seen made is simply this: What about the design of the human body? Whether or not you believe in God as Creator, and putting the Bible, homosexual animals, procreation, and "natural" desires, aside for the moment, the human body was simply not designed for homosexual sex
